“Khaki Kommando” tough wet general purpose blade

Hard working contractors with a variety of saws and conditions often need a rather special blade which can do most jobs they need doing.

“Khaki Kommando” represents such a breed of blade. Designed and developed to keep things as simple as possible this “pro spec” blade is a great general purpose tool.

Contractors typically swap this blade from slab saw to power cut off saw and from asphalt to concrete with no hesitation. Mostly because the lengths of cut are modest this way of working is practical.

“Khaki kommando” is engineered to be as flexible as possible while exhibiting good lasting qualities.

ISO 9001 quality ensures you will be consistently satisfied with this versatile blade.
