“Rat Catcher” low noise durable concrete cobble blade

Masonry saws come in a wide variety, so do concrete cobbles, blocks and bricks.

“Rat Catcher” was developed for low noise cutting of most soft and medium aggregate concrete cobbles, with extremely long tool life characteristics.

The lowered noise noise core combined with state of the art diamond and metal bond technology works together to provide excellent cutting in a wide variety of concrete cobbles on typical electric and petrol masonry and bricksaws of about 2 ..7.5.h.p.

ISO 9001 quality assures consistency coupled with attractive pricing and noise levels to keep neighbours and site workers happy.
